Early January Clear Weather Beneficial to Vegetable Crops

Clear and warm days since early January stimulated widespread activity on farms in Los Angeles County. Harold J. Ryan, agricultural commissioner, stated in a report on crop conditions. Fruit trees were pruned, immense acreages of land were prepared and planted to grain or alfalfa. Vegetable growers got ready to plant, and in many instances planted spring crops. Remembering the poor prices received for vegetables during the past summer, many farmers are aiming for spring maturing crops and according to their stated intentions, plan on lighter production in mid-summer. Preliminary estimates, gained from a survey now in progress of all commercial vegetable farms, indicate that early plantings exceeded those of a year ago.

Maturity Hastened
Unseasonably warm weather in the fore part of the month hastened maturity of winter vegetables such as cauliflower, cabbage and broccoli, and brought heavy supplies on the market, Ryan said. Mild temperatures allowed increases in the population of vegetable insects and worms damaged cabbage and cauliflower.

Principal crops planted during the month included cabbage, celery, cauliflower, Spanish onions and bunched vegetables such as turnips and beets. Uncertainty as to contemplated price ceilings on several vegetables is holding back plantings to some extent.

Cabbage Supply Gains
Cabbage supplies will increase in February and the amount of local celery for market will decrease. Broccoli harvest has passed its peak and some growers quit harvesting because of low wholesale prices. Nearly all of the snowball cauliflower was harvested by the end of the month.

Dry Spanish onions will continue to be extremely scarce until the new crop is ready in April or May. Onion plantings in this county show a decided increase, according to Ryan.

Practically All Beef, Veal, Mutton Point Values Change

Most cuts of beef, lamb and veal show an increase of from one to two ration points this week, with cheeses and lard also costing additional brown points and canned fish about 25 percent lower. This was the announcement from Frank S. Balthis, Jr., OPA district chief for eighth southern California counties. These new point values, unless countermanded, remain in effect till March 4.

Major changes in the February list as summed up by Balthis were as follows:
Beef steak cuts up 2 points; most other cuts of beef up 1 point.
Veal, lamb and mutton up 1 to 2 points, with pork loin cuts 1 point higher.
All cheeses are 2 to 4 points higher, lard is up 1 point and butter is left unchanged at 16 points.
All canned fish, except oysters (which stay at 4 points) drop 4 points to a flat value of 12 points.

Swing Shifters Hail All-Night Dances at Pier

Foreman Phillips welcomed thousands of swing shift workers to the big county barn dance on Venice Pier last Saturday night when the dances became available to swing shift workers with a dusk to dawn program on Saturday night.

With dancing all night on Saturday, many western fans had their first opportunity to visit the big county barn dance. An executive of one of the southland's major aircraft plants expressed the appreciation of swing shift workers at his plant when he told Foreman Phillips, "Our swing shift has long sought the fine western entertainment you have here at the county barn dance and we are grateful to all those who have made this all-night dance possible."

A shipyard swing shifter said he's been waiting to attend the county barn dance for over a year but his working hours prevented his doing so until the all-night dancing policy became possible.

Another aircraft worker said she was organizing a party of the entire swing shift at her plant for next Saturday night, a party of more than 1,000 western music fans.

Again this Saturday night and every Saturday night there will be a dusk till dawn western dance at the county barn dance, dancing from 8:30 till dawn for one admission price. These will be two of the nation's finest western bands to play and entertain, Happy Perryman and His Happy-Go-Lucky Mountaineers, the nation's finest hillbilly rhythm dance band, and the Barn Dance Boys and Girls.

The usual Friday and Sunday night western dances will continue with the old-fashioned waltz contest on Sunday night that brings thousands of waltz fans to the county barn dance on Venice Pier.

Dried beef and sliced dried beef are up 2 points, pork sausage, beef tongue and Vienna sausage are each up 2 points.

"Advices from WFA indicate there will be about 200 million pounds less meat in retail stores than was available in January," says Balthis, "and it would have been impossible to count on an even distribution without these point raises to slow consumption somewhat. Lard had to be raised because consumer purchases are running ahead of production. Canned fish could be reduced because the 1943 pack is coming on the market now and there is a good supply."

Far into the Night

• Night and day throughout the year scientists are working in research laboratories in the interest of public health. During the last two decades many diseases have been conquered. There is reason to believe that more and more progress will be made, that many afflictions now fatal will gradually yield to medical research. Your doctor, and he alone, is well informed on these new discoveries. He includes new medicinal agents in his practice as soon as their therapeutic value has been established. Depend on your doctor. Depend on us to fill his prescriptions exactly as ordered.

Special Service Next Sunday Evening for Boy Scout Cub Packs

The Boy Scout and Cub Pack sponsored by St. Andrew's church are wearing their uniforms during participation in Boy Scout anniversary activities this week.

Next Sunday evening at 7 p.m. these groups will be host to all other troops and packs at their annual church services to be held at St. Andrew's.

The boys will form at Arlington and Portola aves. at 6:30, from which point they will march to the church. Scouts and Cubs will participate in the service. Parents and friends of the boys are urged to attend.

Special music for the service will be provided by the St. Andrew's junior choristers under the direction of Mrs. Marjorie Lane.

Two-Hour Parking Ban For Cabrillo Avenue

The controversy which has prevailed for several weeks over parking restrictions on Cabrillo ave. was settled by the city council of Torrance Tuesday night by establishing a two-hour parking limit for the east side of the street from Border ave. to Carson st. The existing two-hour limit for the west side of the street remains unchanged.

Northrop Beats St. Mary's A.C. By 2 to 1 Score

By GEORGE PESNER

Snapping out of a three-game losing slump, Northrop defeated St. Mary's A. C. by the score of 2 to 1 in a fast and hotly contested baseball game last Sunday at the Torrance Municipal Park.

Pitching for the N.R.C. was an old and familiar face that was easily recognized as the old "Iron Man," Archie Campbell. Archie allowed but four hits, two of which came in the seventh inning and scored the lone tally for the visiting club. Not being content with remarkable exhibition of pitching ability, Archie also collected three of the eight hits garnered by his teammates.

Bill Smith, Torrance boy now playing with Northrop, is living up to all the good recommendations given by my very good friends, Dale Riley and Tom Hatfield of Torrance, who are scouting on the side.

There will be no game this coming Sunday due to the big benefit game being played at the Gilmore Stadium between the major and minor league baseball players, who will play for the medical fund of the boys who play baseball because they love it. I mean the semi-pros, the
